"I am always doing that which I cannot do, in order that I may learn how to do it" – Pablo Picasso

I saw this quote on an Instagram feed recently and before idly scrolling past, this time I discovered myself pausing to consider the message. We can all get great comfort from routines, a sense of familiarity and knowing what lies ahead. The ordinary is not something to be sneered at but equally there should be space for us all to risk the unusual and try something unfamiliar in order to discover a different part of ourselves. I hope this Summer Term you will consider breaking the mould and embark on a journey of surprise when choosing your activities.

This Summer, Martial arts sessions in Judo and Brazilian Jiu-jitsu are just two of the exciting features of the *Sport and Wellbeing* area of the programme. Come along and be led by a world class instructor here on the Park every Monday before and after tea. For those interested in exploring more clubs linked to *STEAM* we have a new Coding Club with Chris joining the zone as well as a Formula 1 Club with Alasdair. For those looking for Academic Enrichment, why not consider being part of our brand new Social Enterprise group with Michael or French Cinema Club with Caroline?

Perhaps you will sign up to one of our student led clubs such as Hair and Make-Up for Theatre and become part of the production team for the Middle School Play: Blood Wedding. Fryer's reimagining of Shakespeare's *The Tempest* will be looking for new crew and technicians too. See Peter, Damon or Joe for details about how you can get involved as part of the production team.

Annie, David, Freya, Isla, Juliette and Willow are keen to know what you would like to see in next year's programme too! They meet termly as our student co-curricular committee. Details of how to contact the committee are up in Houses, so do make contact with them and share your views.

My wish for you all this term, is that you make a habit of trying new things.

Natasha Coccia, Assistant Head: Co-Curricular & Outreach

## Fryer - Y7 & Y8 Activity Timetable

The timetable below shows all of the options available for Fryer students. Please take the time over the Easter break to discuss the options thoroughly with your child. All activities will be signed up for via the SOCS links. Please ensure that your child intends to select activities that fit with their other commitments and the logistics of your family so that they are able to complete their selection with confidence. The sign-up closes on Sunday 19th April.

- *Every child is only allowed one "House" and one "Prep" option per week including Friday afternoon.*
- *We expect that all students in Fryer will commit to at least three after school activities per week, excluding Prep or House. This may include activities outside school.*
