Monday 11<sup>th</sup> May

### **ABC - Assisting children in Berkshire to read**

As part of our weekly LP Donate stream, we are committed to supporting local charities and community organisations with donations from Leighton Park families. This week we have been alerted to the incredible work being done by ABC who have been promoting literacy with their team of volunteers in schools and community centres.

The volunteers need books and games to take to the children they visit for one to one reading and we would like to be able to donate items to this worthy cause. Do you have any unopened board games or educational games which might be suitable for primary school children? Could you donate any new books for 5-10-year olds which we could deliver to the ABC office?

Games such as Brain Box Games, Boggle or Banagram are particularly useful as are the selection of books called You Choose. As long as the items are not used or opened, ABC will put them to good use with children who rarely have access to these resources.

As always, donations should be dropped at No 4. The Crescent off Pepper Lane. There is a donations box outside the blue garage door, and items are taken in each day by residents for safe keeping.

Thank you!
