Dear Parents and Guardians

**Fee Levels 2020/21 – Discounts for parents paying annual fees in advance**

The Board of Governors has recently agreed that discounted rates will be offered to parents and guardians wishing to pay their 2020/21 School fees before 31 July 2020. The discount is 1.75% and the savings achievable by paying annually in advance are shown in the last column in the table below.

As you may be aware there will be no fee increase for Autumn Term 2020 with fees remaining at the Autumn 2019 level. We expect to write to parents again before the end of the October half term break with details of any fee increase from Spring 2021.

In terms of parents paying annual fees in advance by 31 July, we would ask that the annual fee that is paid to the School is based on the Autumn Term 2020 fee as set out below.

	FEE LEVELS 2020/21 (for the purpose of the fees in advance discount only)		Discounted rates offered to parents paying annually in advance before 31 July 2020
